

DL_CreationInterface

```
classDiagram
    class DL_CreationInterface
    class RS_FilterDXF
    class RS_FilterJWW
    RS_FilterDXF ..|> DL_CreationInterface
    RS_FilterJWW ..|> DL_CreationInterface
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'DL_CreationInterface'. Below it are two boxes: 'RS_FilterDXF' on the left and 'RS_FilterJWW' on the right. A horizontal dotted line connects the two lower boxes, with a solid vertical arrow pointing upwards from the center of this line to the bottom of the 'DL_CreationInterface' box, indicating that both 'RS_FilterDXF' and 'RS_FilterJWW' inherit from 'DL_CreationInterface'.
